

**REMARKS**

The Sequence Listing provided by this Amendment is submitted in accordance with 37 C.F.R. §1.821(c). The Sequence Listing adds no new matter as the sequences set forth in the Sequence Listings are identical to those set forth in the Specification.

Some of the nucleotide sequences in this sequence listing have an "n" in the nucleotide sequence. This is set forth in compliance with 37 C.F.R. 1.821 and WIPO Standard ST.25 (1998), Appendix 2, Table 1, in which "n" means any of the available nucleotides.

Also submitted with this Amendment is a copy of the Sequence Listing in computer readable form as required by 37 C.F.R. §1.821(e) along with a Statement Concerning Sequence Listing as required by 37 C.F.R. §1.821(g).

It is respectfully submitted that Applicants have now fully and completely responded to the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures dated May 29, 2002.

Respectfully submitted,

Fitch, Even, Tabin & Flannery
